

VITALII MENSHENIN

BRAND & DESIGN DIRECTOR

Art Director and brand designer with 16+ years of creative practice and a background in fine arts.

I lead design teams and build visual identities from the ground up, from logo and typography to web, product and campaign design. My work spans branding, UI, illustration, motion and 3D, which lets me direct every discipline with hands-on understanding.

I take projects from first concept to launch, across digital, print and physical products. Fluent in AI tools, Figma, Adobe Suite, Blender and other industry tools.

WORK EXPERIENCE

07.2020 - 12.2026

1inch Labs · Art Director

- Joined as the first designer and built the brand from scratch
- Built and led a team of designers, setting creative direction and quality standards
- Owned the brand identity from its creation through ongoing evolution, including logo, colour, typography and brand guidelines
- Oversaw design of the website, landing pages and web app, reviewing UI/UX with the product team
- Art-directed marketing campaigns: key visuals, motion, banners, presentations and merchandise
- Managed collaboration with external agencies and studios on branding and print projects
- Led design of physical products and packaging, from concept to production
- Produced visual materials for events: exhibition booths, stage visuals, print and branded merchandise

10.2009 - 08.2020

Astra Studio · Visual Artist / Digital Designer

- Designed websites, mobile games, interactive banners, and digital ads for various clients
- Created 2D/3D assets, UI elements, characters, and backgrounds for casual and browser-based games
- Adapted visual styles for different audiences and project requirements

07.2018 - 10.2019

MultiToken · UI/UX Designer (contract)

- Designed user interfaces for web-based blockchain and DeFi products
- Combined functional UX with visually appealing digital graphics tailored to the Web3 space
